WINTER 2025/2026

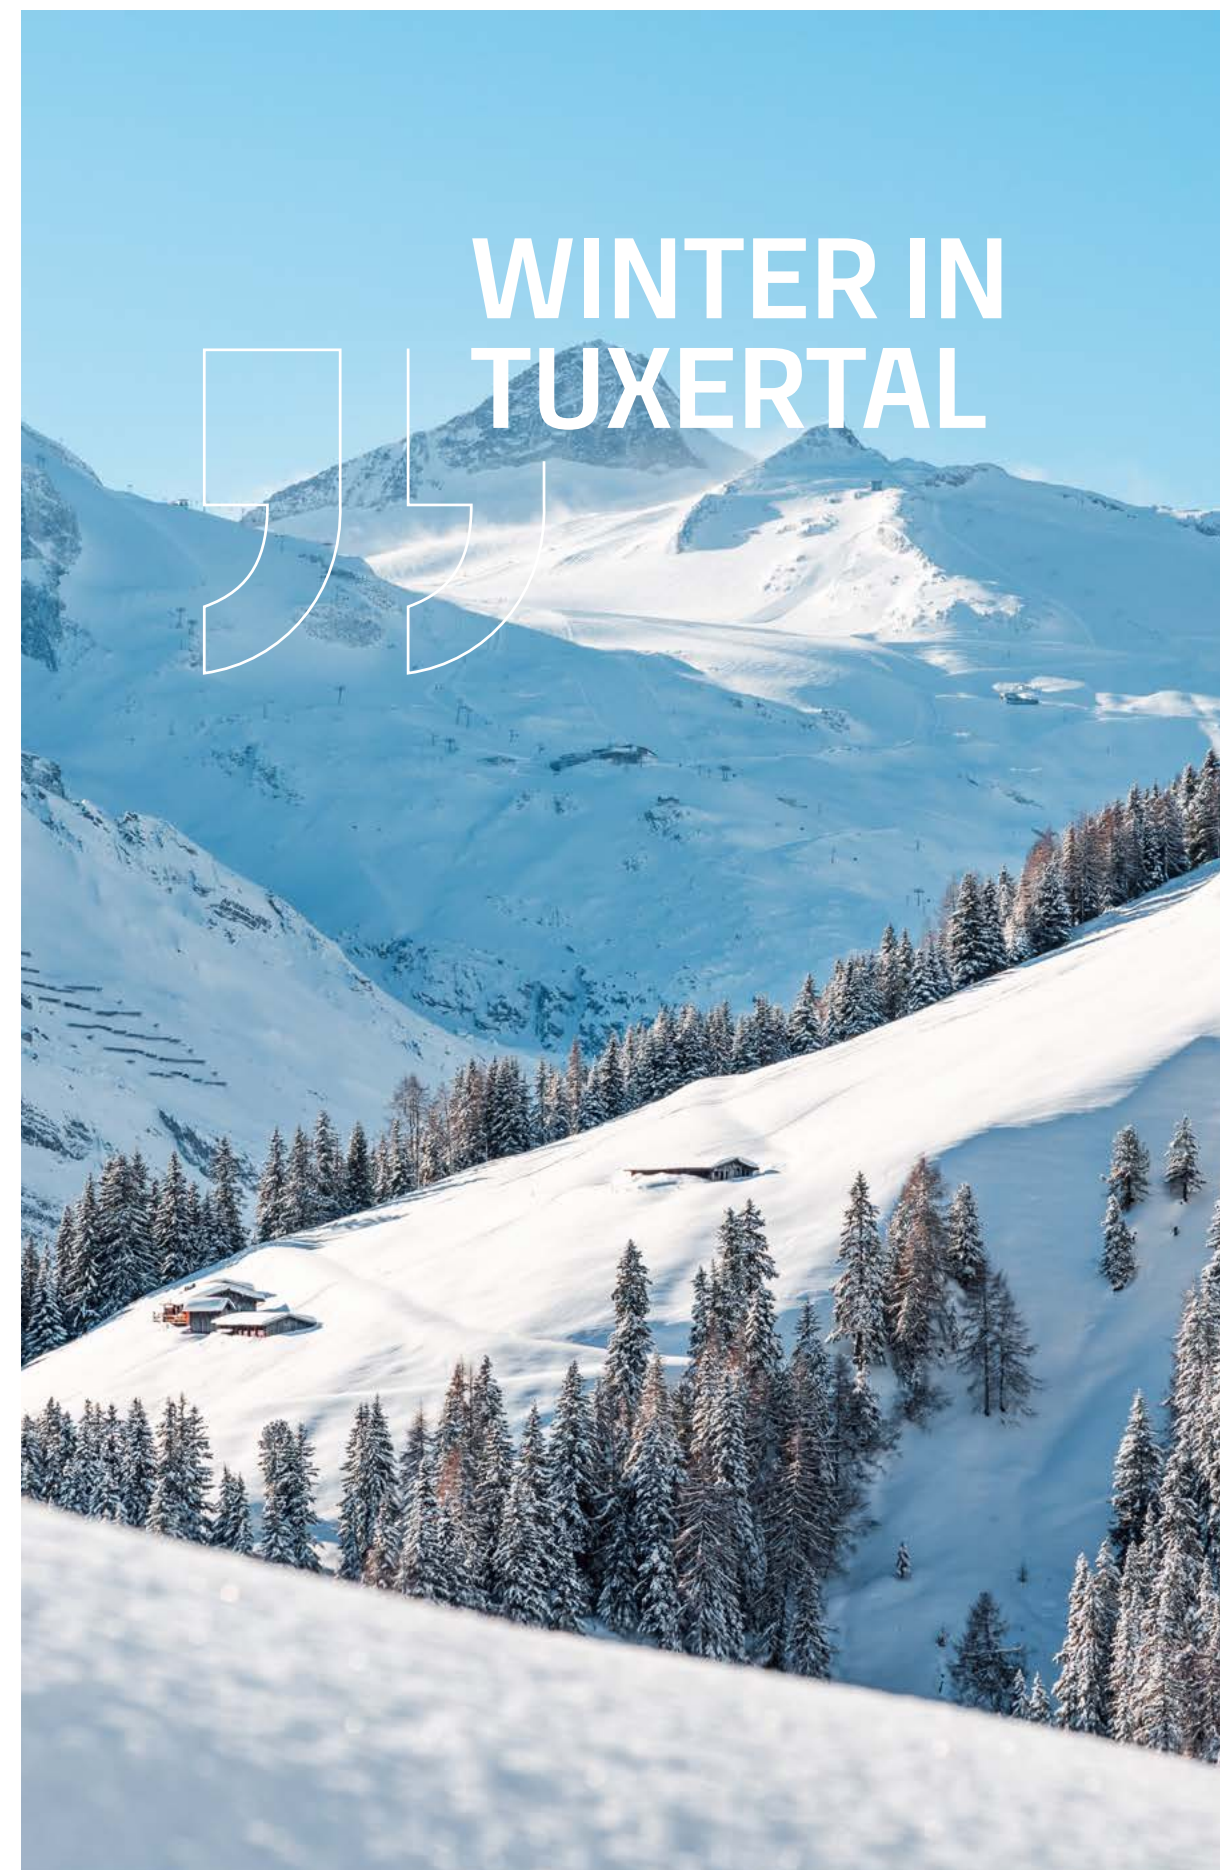

## HIGH FEELINGS IN WINTER

When the snow falls softly on the peaks outside and the mountains put on their sparkling winter coat, Hintertux unfolds its most enchanting charm. Skiing on the glacier, tobogganing with the family or quiet walks through the glittering winter landscape – with a warming cup of tea or a ray of sunshine on your skin in between.

Whether it's freshly groomed slopes, cross-country trails or snowshoe tours to hidden winter spots – every moment here is a little winter wonder. Whether you explore the valley on a sledge or score the perfect hit at curling, you will immediately feel that winter in the Zillertal makes you happy and remains unforgettable. Up here, winter is not just experienced – it is celebrated with all the senses.

# THE MAGIC OF SNOW-COVERED PATHS

Glittering snow, clear mountain air and bright winter sunshine make Hintertux an unforgettable winter destination – for skiing, tobogganing or relaxing walks through snow-covered expanses.

When winter hiking or snow-shoeing, you can experience the tranquillity of nature far away from the hustle and bustle of the slopes. Every step crunches softly as the sun's rays make the crystals sparkle. Around 68 kilometres of groomed trails invite you to explore the mountains at a leisurely pace.

Our tip: combine your hike with a toboggan ride – the climb strengthens you, the descent is fun. This turns every excursion into a winter adventure.

## WINTER FUN FOR THE WHOLE FAMILY

When Hintertux awakens in a white wonderland, a holiday at the Alpenhof becomes an adventure for young and old alike – from the first snowflakes to evenings spent in the warm indoor swimming pool.

Little skiers conquer the slopes, snowball fights become heroic deeds, and every smile tells its own winter story.

## WINTER HIKING WITH A DIFFERENCE

Enveloped in sparkling snow, the Tux Valley invites you to enjoy peaceful winter walks. The crunch of snow underfoot, crisp air, white slopes – and everyday life is left behind.
